The Nature
Conservancy 
Belize

What is Impact Investment?

A sea turtle is shown swimming in clear blue water. The image is split horizontally, with the top half showing the turtle's head and shell above the water surface and the bottom half showing its body and flippers underwater. The background features a tropical coastline with green trees under a blue sky.

Money With Values

Investment aimed at generating specific beneficial social or environmental effects in addition to financial gains.

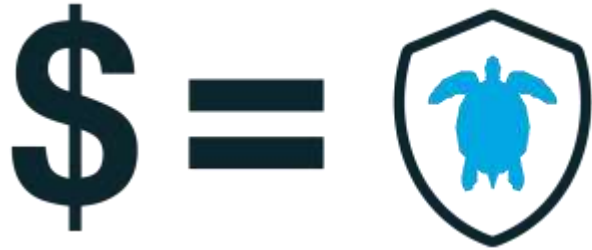

natureVestTNC.org

- 
- **Requires due diligence**
 - **Financial, social and ecological track record**
 - **Requires complete stakeholder buy-in**
 - **Donors front funding for implementation**
 - **Performance-based (outcomes)**
 - **Success determined by level of achievement of outcomes**

Seychelles Debt for Nature Swap

Key Steps

NEGOTIATE

PLAN
